

<b>Title:</b>	Financial Assistance (Non-Hospital Facilities)				
<b>Department/Service Line:</b>	Revenue Cycle/Financial Assistance				
<b>Approver(s):</b>	BSWH Board of Trustees				
<b>Location/Region/Division:</b>	BSWH				
<b>Document Number:</b>	BSWH.FIN.RC.BA.73.P				
<b>Effective Date:</b>	01/01/2025	<b>Last Review/ Revision Date:</b>	09/19/2024	<b>Origination Date:</b>	04/01/2007

## SCOPE

This Financial Assistance Policy (“Policy”) applies to those Baylor Scott & White Health facilities and Controlled Affiliates listed on Attachment A, collectively referred to as “BSWH.”

The Baylor Scott & White Holdings Board of Trustees is responsible for the oversight of this Policy.

Any material modifications to the standards set forth in the Policy must be approved by the Baylor Scott & White Holdings Board of Trustees prior to implementation by BSWH. Such modifications will be reviewed by the Audit & Compliance Committee of the Baylor Scott & White Holdings Board of Trustees for recommendation to the Baylor Scott & White Holdings Board of Trustees.

The Financial Assistance Committee is responsible for establishing, approving and monitoring procedures and standard forms that operationalize the provisions of this policy and other responsibilities outlined in this Policy.

## DEFINITIONS

*When used in this document with initial capital letter(s), the following word(s)/phrase(s) have the meaning(s) set forth below unless a different meaning is required by context. Additional defined terms may be found in the BSWH P&P Definitions document.*

**Financial Assistance Committee** - A committee comprised of a representative from the following departments: Financial Operations, Tax Management, Revenue Cycle, Legal and others appointed by the Chair of the Committee deemed necessary to fulfill the responsibilities of the Committee. The Chair of the Committee shall be appointed by the Baylor Scott & White Holdings Chief Financial Officer.

## POLICY

Founded as a Christian ministry of healing, BSWH promotes the well-being of all individuals, families, and communities. As part of its mission and commitment to the community, BSWH provides financial assistance, and its policies are designed to support qualifying patients. BSWH is also committed to assisting patients with billing-related questions through a dedicated customer service team and financial counselors, who are available via online chat, phone, email and direct messaging prior to and after services are provided.

### 1. ELIGIBILITY CRITERIA

Patients may apply for financial assistance after the service is rendered through the 365<sup>th</sup> day after the first billing statement is provided. However, eligibility for financial assistance only applies to emergency and other medically necessary care. All patients will be eligible to qualify for financial assistance for emergency care. Financial assistance eligibility for non-emergency, medically necessary care is limited to patients residing in the service area defined in Attachment C or otherwise as determined by the Financial Assistance Committee. However, all patients, regardless of residency, will be eligible to qualify for financial assistance for emergency care and for non-emergency, medically necessary care provided after a BSWH facility accepts a transfer from a BSWH facility or a non-BSWH affiliated

facility. Each eligible patient's situation will be evaluated according to relevant circumstances, such as income or other resources available to the patient or patient's family when determining the ability to pay the outstanding patient account balance. Taking this information into consideration, the attached Financial Assistance Eligibility Discount Guidelines (Attachment B) are utilized to determine what amount, if any, of the outstanding patient account balance will be discounted after payment by all third parties and any patient payments received prior to qualification.

When a patient's circumstances do not satisfy the requirements under the Financial Assistance Eligibility Discount Guidelines or Eligibility Criteria, a patient with unusual mitigating factors may still be able to obtain financial assistance. In these situations, the Financial Assistance Committee will review all available information and make a determination on the patient's eligibility for financial assistance. BSWH reserves the right to further limit the services covered by this Financial Assistance Policy.

## **2. METHOD FOR APPLYING OR OBTAINING FINANCIAL ASSISTANCE**

### **2.1 Application Process**

Applying for financial assistance can be initiated by a patient requesting assistance in person, over the phone 1-800-994-0371, through the mail or via the BSWH website (<https://www.bswhealth.com/financialassistance>). Mailed applications should be sent to Baylor Scott & White Health 301 N. Washington Ave Dallas, TX 75246, ATTN: Financial Assistance Department.

Additionally, BSWH can initiate an Assistance Application on behalf of the patient. It is ultimately the patient's responsibility to provide the necessary information to qualify for financial assistance.

### **2.2 Community and Charitable Programs**

Patients of certain approved community and charitable organizations and programs with the same eligibility criteria as Attachment B qualify for financial assistance under this Policy. For organizations or programs not approved under this policy, another assistance application may be used as long as substantially the same items on the BSWH Assistance Application are satisfied or documentation as to why they were not satisfied is included. The Financial Assistance Committee will be responsible for determining the approved organizations and programs.

## **3. PRESUMPTIVE ELIGIBILITY FOR FINANCIAL ASSISTANCE**

BSWH may review credit reports and other publicly available information to determine, consistent with applicable legal requirements, estimated household size and income amounts for the basis of determining financial assistance eligibility when a patient does not provide an Assistance Application or supporting documentation.

## **4. BASIS FOR CALCULATING AMOUNTS CHARGED**

The level of financial assistance will be based on a classification as Financially Indigent or Medically Indigent, as defined below. However, in addition to any out-of-pocket amount the patient may have already paid prior to qualification or what is owed after qualifying as Medically Indigent, BSWH reserves the right to bill and collect a reasonable copayment (not to exceed \$25) for services rendered to patients who qualify for financial assistance at certain locations.

### **4.1 Financially Indigent**

"Financially Indigent" means a patient whose Yearly Household Income (as defined below in section 5.2.i) is less than or equal to 200% of the Federal Poverty Guidelines ("FPG"). These Financially Indigent patients are eligible for a 100% discount on outstanding patient account balances based on Schedule A of the Financial Assistance Eligibility Discount Guidelines (Attachment B).

Example: A patient with a Household Size of 3 (as defined below in section 5.2.ii) and Yearly Household Income of \$36,620 is eligible for a financial assistance discount of 100%.

### **4.2 Medically Indigent**

"Medically Indigent" means a patient whose medical or hospital bills from all BSWH related providers, after payment by all third parties, are equal to or greater than 5% of their Yearly Household Income and whose Yearly Household Income is greater than 200% but less than or equal to 500% of the FPG as set forth in Schedule B of the Financial

Assistance Eligibility Discount Guidelines (Attachment B). These Medically Indigent patients will owe the lesser of the patient's account balance or 10% of the patient's gross charges.

Example: A patient with a Household Size of 4 and Yearly Household Income of \$85,000 (between 200 - 500% of FPG) is eligible for a financial assistance discount down to the lesser of the patient's account balance or 10% of the patient's gross charges if the patient's total outstanding bills, after all third-party payments, are equal to or greater than 5% of the Yearly Household Income. Assuming the patient's gross charges is \$50,000 and the patient's account balance is \$10,000 (which is equal to or greater than 5% of the Yearly Household Income) the patient's remaining obligation would be \$5,000. Please note, if the patient's remaining balance is already less than the calculated AGB amount, the patient will receive no additional fee reduction and will be responsible for paying the remaining balance.

### **4.3. Financial Assistance Eligibility Discount Guidelines**

The Financial Assistance Eligibility Discount Guidelines are attached and are made a part of this Policy (Attachment B). The Financial Assistance Eligibility Discount Guidelines will be updated annually in accordance with the FPG as published in the Federal Register by the U.S. Department of Health and Human Services.

## **5. DETERMINATION OF FINANCIAL ASSISTANCE**

### **5.1 Financial Assistance Assessment**

Determination of financial assistance will be in accordance with procedures that may involve:

- 5.1.i. An application process, in which the patient or the patient's guarantor is required to supply information and documentation relevant to making a determination of financial need; and/or,
- 5.1.ii. The use of credit reports and other publicly available information that provide information on a patient's or a patient's guarantor's estimated household size and income amounts for the basis of determining financial assistance eligibility when a patient does not provide an Assistance Application or supporting documentation.

### **5.2 Definition of Household Income and Household Size**

Determination of financial assistance will be based on the household income and size provided by the patient and/or by an estimated household income and size obtained from a third party vendor.

- 5.2.i. Household Income
  - I. Adults: If the patient is an adult, "Yearly Household Income" means the sum of the total yearly gross income or estimated yearly income of the patient and the patient's spouse.
  - II. Minors: If the patient is a minor, "Yearly Household Income" means the sum of the total yearly gross income or estimated yearly income of the patient, the patient's mother and the patient's father or legal guardian(s).
- 5.2.ii. Household Size
  - I. Adults: In calculating the Household Size, include the patient, the patient's spouse, and any dependents (as defined by the IRC).
  - II. Minors: In calculating the Household Size, include the patient, the patient's mother, the patient's father, dependents of the patient's mother, and dependents of the patient's father.

### **5.3 Income Verification**

Household income will be documented through any of the following mechanisms:

- 5.3.i. Third Party Documentation. By the provision of third party financial documentation including IRS Form W-2; Wages and Tax Statement; pay check remittance; individual tax return; telephone verification by employer; bank statements; Social Security payment remittance; Worker's Compensation payment remittance; unemployment insurance payment notice; Unemployment Compensation Determination Letters; response from a credit inquiry and other publicly available information; or other appropriate indicators of the patient's income. Third party documentation provided under this subsection will be handled in accordance with BSWH's information security procedures and the requirements of securing protected health information.

5.3.ii. Participation in a Means Tested Benefit Program. By the provision of documentation showing current participation in a public benefit program such as Medicaid; County Indigent Health Program; AFDC; Food Stamps; WIC; Medicare Low Income Subsidy; TexCare Partnership; or other similar means tested programs. Proof of Participation in any of the above programs indicates that the patient has been deemed Financially Indigent and therefore, is not required to provide his or her income on the Assistance Application.

5.3.iii. In cases where third party documentation is unavailable, verification of the patient's Yearly Household Income can be done in either of the following ways:

- I. Obtaining the patient's or responsible party's Written Attestation. By obtaining an Assistance Application signed by the patient or responsible party attesting to the veracity of the patient's income information provided;
- II. Obtaining the patient's or responsible party's Verbal Attestation. Through the written attestation of the BSWH employee completing the Assistance Application that the patient or responsible party verbally verified the patient's income information provided.

In both above instances where the patient or responsible party is unable to provide the requested third party verification of patient's income, the patient or responsible party is required to provide a reasonable explanation of why the patient or responsible party is unable to provide the required third party verification. Reasonable attempts will be used to verify patient's attestation and supporting information.

5.3.iv. Expired Patients. Expired patients, with no surviving spouse, may be deemed to have no income for purposes of calculation of Yearly Household Income. Documentation of income is not required for expired patients; however, documentation of estate assets may be required. The surviving spouse of an expired patient may apply for financial assistance.

## **5.4 Financial Assistance Disqualification**

Disqualification after financial assistance has been granted, may be for reasons that include, but are not limited to one of the following:

5.4.i. Information Falsification. Financial assistance will be denied to the patient if the patient or their representative provides false information including information regarding their income, household size, assets or other resources available, including a tortfeasor or other responsible party, that might indicate a financial means to pay for care.

5.4.ii Other Payor Sources. A patient must exhaust all other payment options, including private coverage, federal, state and local medical assistance programs, and other forms of assistance provided by third-parties and fully cooperate and comply with eligibility requirements for any other healthcare program(s) and identifiable funding sources, including COBRA coverage (a federal law allowing for a time-limited extension of employee healthcare benefits), for which the patient may be qualified prior to being qualified for financial assistance. BSWH may provide assistance, but a patient is responsible for applying to public programs for available coverage. The patient is also expected to pursue public or private health insurance payment options for care provided by BSWH. If a patient does not cooperate and fully pursue his or her options, financial assistance may be denied, or if an active approval is on file, revoked, and the patient will be responsible for any balances.

5.4.iii Personal Injury Claims. Financial assistance will be denied or revoked if the patient has recovered or is seeking benefits from a tortfeasor or other responsible party associated with the care rendered by BSWH. The patient is expected to use the proceeds received from a tortfeasor or other responsible party to satisfy any patient account balances. Only if proceeds are not recovered may such patient apply and qualify for financial assistance up to and following the 365<sup>th</sup> day after the first billing statement is provided.

## **6. MEASURES TO PUBLICIZE THE FINANCIAL ASSISTANCE POLICY**

6.1 The measures used to widely publicize this Policy to the community and patients include, but are not limited to the following:

6.1.i. Posting the Policy and Assistance Application on the BSWH website at the following location: <https://www.bswhealth.com/financialassistance>.

- 6.1.ii. Annually posting a notice in the principal newspaper serving the BSWH provider service area.
- 6.1.iii. Informs and notifies patients by the posting of a notice in the admitting areas and/or business offices of BSWH locations
- 6.1.iv. BSWH staff discuss when appropriate, in person or during billing and customer service phone contacts with patients.
- 6.1.v. Paper copies of the Policy and Assistance Application are made available to all patients upon request and without charge.

## **7. RELATIONSHIP TO COLLECTION POLICIES**

- 7.1 During the verification process, while information to determine a patient’s income is being collected, the patient may be treated as a private pay patient in accordance with other BSWH Policies.
- 7.2 After the patient's account is reduced by the discounts based on the Financial Assistance Eligibility Discount Guidelines (Attachment B), the patient is responsible for the remainder of the outstanding patient account balances. Once the patient qualifies for financial assistance, BSWH will not pursue collections on the amount qualified for financial assistance.
- 7.3 BSWH will under no circumstances refund to a patient or third party, any amounts paid prior to qualification for Financial Assistance.
- 7.4 **THE POLICY DOES NOT AFFECT ANY BSWH OBLIGATION UNDER “EMERGENCY MEDICAL TREATMENT AND ACTIVE LABOR ACT (EMTALA)”. THE POLICY ALSO DOES NOT ALTER OR MODIFY OTHER POLICIES CONCERNING EFFORTS TO OBTAIN PAYMENTS FROM THIRD-PARTY PAYORS.**
