

Finding Your Way

Baylor Scott & White All Saints Medical Center - Fort Worth campus and hospital maps

Out of an abundance of caution, we are currently testing all of our surgical and procedural patients for SARS CoV-2 within 48 hours of your scheduled surgery. In order to provide easy and convenient access for testing, we will be offering curbside testing capabilities at the Discharge Hospitality Suite.

When you arrive, please remain in your car and call **817.922.7640** and a team member will perform the necessary test.
